Acknowledgement

It all started a few years ago when I found some 20 envelopes from the 1930's with different slogan cancellations at a stamp exhibition. Thereafter, I found some on eBay which actually came from my old buddy Franz Krieger. He was the one who later sold me all his Republic slogans. This fueled my passion to know more about these slogans, which led me to check the IPPS newsletters listings of Pablo M. Espiridon. Don Peterson also provided me his listings of Mr. Esperidion and in the same token while in the Philippines I received from Rey de Jesus, a well known stamp dealer, a copy of the 1955 AFF yearbook with Don Pablo's slogan cancels coupled with Jesus Cacho's G.I. Postal Slogans.

While comparing the listings, I found inconsistencies in the numberings of these slogans. I also added others which were not indicated. Upon corresponding with Don Peterson about all this, he urged me to catalogue everything which I agreed without thinking how much work is involved.

This involves scanning all my envelopes and other bits I had into the computer and eliminating the stamps to enhance the slogans scaled to 1:1 representation with a short description using Don Pablo's listings which were very useful.

When I reached the slogans of 1959, Pablo Espiridon's list had no information. So I asked around in the Philippines and Mr. Jorge Cuyugan from San Fernando, Pampanga came to my rescue who provided me with copies from the Philippine Postal Museum on the period issued between 1947 and 1968 which even included special cachets.

In recent months, I received as well some copies of slogans from Ron Maineri which are also incorporated in this catalogue. However, I hope to sought the help of anybody having slogan cancels or cachets in his/her collection which are not shown in this catalogue. Scanned copies will be enough so that it would be a benefit for all collectors focused on this special field.

Last but not least, I must thank my wife Remie for all the patience she had shown in pursuit of my hobby. I intend to publish yearly if necessary on any updates of new slogans to aid collectors in breathing more excitement on Philippine philately.

TABLE OF CONTENT

Part I - Philippine Postal Slogans, Introduction	I - V
Chartered Cities & Provincial Capitals	VI
Abbreviations used	VII
List of slogans - 1904 to 1945	1-I-1 to 1-I-13

Part V - G.I. Postal Slogans	1-V-1 to 1-V-11

Part I - PHILIPPINE POSTAL SLOGANS

Introduction

Categories of Slogans

The postal slogans of the Philippines, are grouped under the following categories:

1) Official, 2) Semi-Official, 3) Commercial.

1) Postal slogans cancellations as used by the Bureau of Posts, are considered as "Official".

2) Those used by other government departments or bureaus, are designated as "Semi-Official". Under this same category, those used by the U.S.Navy (slogan cancels on Philippine waters) in the prewar days and by the GIs during the early months of the liberation, are designated likewise.

3) Postal slogans used by private firms or individuals, are identified as "Commercial".

Types of Slogans

Used mostly by the Manila Post Office, the "official" postal slogans are identified philatelically under the following types: Doremus, Flags, Straightline, Universal, Boxed and Fancy.

They have been applied by machine and/or by handstamp.

Under the machine slogan cancels, there are the Doremus, Flags, Universal and Boxed. Of the Boxed slogans however, some of them were applied by hand stamp and some by machine.

Under the hand stamp types, there are the Straightline and the Fancy.

Doremus Types

Forerunner of the machine cancellations and slogan machine cancels in the Philippines, is the Doremus. This machine cancel has several types. However, only three types were used by the Manila Post Office. They were introduced in 1904, 1906 and 1908 respectively.

Bearing 16 vertical bars (but most of the cancels show less), the Doremus slogan cancellation is like the keyboard of a piano. Hence, its designation, Doremus (from the musical notes Do, Re Mi). This type of canceling machine was manufactured by the Doremus Canceling Machine Co., Washington, D.C.

Earliest known Doremus slogan cancel in the Philippines was dated "Oct. 15, 1908" legend of its slogan reads: "PHILIPPINE CARNIVAL - MANILA, FEB. 2-9, 1909," all in capital letters in two lines. It was applied in black.

Prior to the use of the Doremus slogan cancel, however, two other types were used by the Manila Post Office. They were both without slogans. One of them was with vertical bars only. It was a plain machine cancel. As to the other type, it was not used as a cancellation but merely as a receiving postmark or "backstamp". Thus it bears the word "RECEIVED", in capital letters in one line.

In so far as Philippine postal history is concerned, the Manila Post Office had therefore used three types of the Doremus-machine cancels.

Flag Types

Next to the Doremus, there came the Flag machine cancellations. As far as collectors are concerned, there are three major types of the flag cancels. They are known as the Ovate, Involute and Spread Star Field. Under these three major types, there are the specific types used in the Philippines by the Manila Post Office:

Spread Star Field, Boxed Slogan, Backstamp, Station Cancel and Exposition Cancel.

The U.S. Navy in Cavite used a special Naval Station Cancel.

Because there are no available records, the exact date as to when the first Flag machine cancel was used in the Philippines is not known. The earliest Flag cancel seen was dated "Oct. 28, 1916" and it is a Spread Star Field. Its motive is an American Flag with 13 stars and seven wavy stripes on the right. In the union it has a staff and a halyard. It was used until 1923.

Bearing a slogan in the field, is the Boxed slogan type. Like the Spread Star Field, it has also a staff and a halyard, plus the usual seven wavy stripes. The earliest date seen of this Flag slogan bears "May 3, 1918". And the legend of the slogan reads: "ARE YOU HELPING - IF NOT, WHY NOT? - BUY A - LIBERTY BOND", all caps in four lines. It was applied in black. The Flag slogan cancels of the Boxed type are known to exist with at least 24 different slogans.

Another specific type of the Flag machine cancels used by the Manila Post Office, was the Backstamp. As its name indicates, it's not a slogan. It was a postal marking used by the Manila Post Offices as a receiving postmark. Stamped on the back of the envelopes, especially on incoming foreign first-class mail, it bears the word "RECEIVED" inscribed in the union of the Flag. Hence its use as a backstamp. Earliest date reported of this type was "Aug. 28, 1919".

All these Flag slogan cancels of the were applied by machine in black and used by the Manila Post Office.

Notwithstanding this, however, one of them was done by handstamp and it was applied in purple. It was used by the Post Office of Capiz, Capiz and the earliest date seen was "Dec. 3, 1925".

Another type of handstamp Flag slogan cancel was used by the Manila Post Office. It was used on "May 19, 1934", on the occasion of the closing of the Tenth Far Eastern Championship Games, in Manila. Superimposed on a flag of five wavy lines, is the slogan bearing only the letters "PAFF", arranged like musical notes. This slogan cancel was applied in purple, but unlike the Flag machine slogan cancels, it has an entirely different format.

Use of the Flag machine cancels and/or slogan cancellations was continued by the Manila Post Office for almost ten years. The latest was in 1926. Then, it was discontinued. All in all, at least 30 different kinds of the Flag types were used in the Philippines.

Straightline Types with Grids

During the last three years of use of the Flag slogan cancels, it's interesting to observe that the Manila Post Office utilized at the same time, at least three different Straightline slogan cancels. They were applied by handstamp but of steel die. Besides this, each has a grid. It's a "barrel-killer". Each "barrel-killer" has a different type. The largest is with five heavy horizontal bars. The height of this stamp "killer" is 3,7 centimeters. Earliest date seen of this Straight-line slogan cancel was "Oct. 11, 1924" with the slogan reading: "REGISTER-INSURE-ALL-VALUABLE-MAIL", all in caps, sans serif in five lines. It has a circular town mark Cebu Post Office with a single frame, used as well in Manila

The second type of this Straight-line slogan cancel was also used by the Manila Post Office. Its slogan reads: "MANILA - TRADE CENTER - OF THE - PACIFIC", all in caps, sans serif in five lines. Earliest date seen was "July 3, 1925". Its "barrel-killer" however, is smaller than the first, but it's townmark is exactly the same as the former.

Third type of the Straight-line slogan cancels bears the wording: "MANILA, P. I. - (Date) - (Time) - (Year) - ADDRESS MAIL - TO - STREET AND - NUMBER", all in caps, sans serifs in eight lines. Earliest date seen was "April 7, 1925". It has also a "barrel-killer", but it's the smallest of the three types of grids. As it appears, the third type is a combined town mark and slogan cancel. And while it was used by the Manila Post Office, it was used likewise by the Cebu Post Office, but in this case, "CEBU, P.I." is indicated as point of origin. Earliest date seen of this as used in Cebu was "Sep. 23, 1925" and the latest date seen was "Feb. 23, 1933"

Universal Types

The first Universal machines slogan cancel was introduced in the Philippines in 1930. It bears the legend: "MANILA -TRADE CENTER -OF THE -PACIFIC" all in capital letters sans serifs in four lines. According to the Bureau of Posts, this machine slogan cancel was used by the Manila Post Office, the first day of use being: "July 12, 1930". Boxed in a rectangle, its size is 1,9 x 5,8 cm, the rectangle measuring 1,9 x 3,3 cm, plus seven straight lines on the right, each 2,5 cm long and open at the end.

It has a steel dial commonly known as the "Universal". Main characteristic of this dial is: the name of town or city (Manila) is shown on top, the date in the center. Any name of the state or country (P. I. or Philippines) is indicated at the bottom inside the dial. This is distinguished from the dial of the Doremus machine slogan cancels mentioned before. The dial of the Doremus shows the town or city (Manila) and the state or country (P. I.) on top but the year at the bottom in the dial. This type is known as the "International".

Since the introduction of the Universal machine slogan cancels in the Philippines, it's interesting to observe at least 36 different types were utilized. Twenty-seven of them were used by the Manila Post Office, five by the Cebu Post Office, and one by the U.S. Navy in Cavite. Out of the 27 different types used by the Manila Post Office, however, two of them were plain boxed slogan cancels, i.e., without the usual seven straight lines used as "Killers".

Likewise it's interesting to observe, some of these slogan cancels as used by the Manila Post Office, were used as "Backstamps". This was especially true in the late 30's. True enough, their use as such was also witnessed until outbreak of the Pacific War. Then too, since the Republic up to the present, some postal slogans are being used as backstamps. Obviously, it's an established postal precedent.

When the Japanese Occupation came, however, their use was discarded except for one. It was the slogan cancel bearing the legend: "POST -YOUR MAIL -EARLY" in caps in three lines. It's First day use during Occupation was "March 4, 1942". It was an occasion of the First Day Sale of the first provisional issues of the Philippines (2c and 16c postage stamps and 2c postal card), released during the early month of the Occupation. Use of its slogan cancel lasted for three years until the last days of the Japanese Occupation of Manila. Latest date seen was "Feb. 3, 1945", the same day the U. S. Armed Forces liberated Manila.

Among the Universal machine slogan cancels used in the Philippines, the slogan cancel "POST - YOUR MAIL - EARLY" as described above, is the most historical. Its historical significance lies in the fact not that it was used for 14 consecutive years (1931 - 1945) and bears the longest record of service, but it saw postal service in three different regimes of the Philippines, namely: the American Administration, the Commonwealth transition and the Japanese Occupation. Considering this fact in the postal history of the Philippines, therefore it deserves a niche to remember by.

Type of Machine Dials

In discussing the machine slogan cancels of the Universal type, mention of the dials of these cancels should also be made. Dials of the Universal type used in 1930 to 1945 have two types. So with the box enclosing the slogans. The dial used in 1939 bears the inscription "MANILA" on top and "PHILIPPINES" at the bottom in the dial. The type used prior and after 1939 has "MANILA" on top but "P. I." instead of "PHILIPPINES" at the bottom. As to the box of the slogans, at least each of them has two types: one without any break in the frame and the other with two breaks on the vertical frame on the left. In the addition to this, there are also some varieties in the size of the box. Also in the types of the letters of the slogans.

Boxed Types--Handstamps

Mostly used since the establishment of the Republic are the slogan cancels of the Boxed type. Most of them are handstamps. Since the liberation up to the present writing, more than 500 postal slogans have been used by the Bureau of Posts most of them were of the Boxed type.

Single-Letter Slogan Cancel

The honor of having used the first slogan cancel of the Philippines after the Second World War, goes to the Post Office of Fabrica, Negros Occidental. It was used early in 1946 and applied by handstamp in black. It's unboxed. But unlike the standard slogan cancellations, it has no inscription at all, except a big letter "V", measuring 2 x 2,2 cm. The letter "V" in this instance, stands for "Victory".

It's interesting to note, similar slogan cancels were used in the United States, England and Canada during the hectic years of World War II. Prominently displayed in the center, the letter "V" in the subject slogan cancel, is supported by five straight horizontal lines on both sides of the letter. Earliest date seen of this forerunner of the postwar slogan cancels of the Philippines was "Mar. 25, 1946".

Boxed Type-Republic

Starting with the first one used by the Manila Post Office on October 28, 1946, applied as handstamp in black and purple and used as backstamp on domestic air mail, several hundred have been used till today. In 1947 and 1948 slogan cancels with philatelic legends were used. Slogan cancels to mark the birth of new cities used for one day were used as well.

Fancy Types

In no history of philatelic Philippines, Fancy slogan cancels have been extensively used. Fancy as they are and conveying the logic of the slogans at random, they easily arrest one's attention and prove interest. Doubly interesting, the Bureau of Posts has been using these Fancy slogan cancels, not only on occasions of national significance but also for some events of international scope worthy of commemorating. Here are some early examples:

Other slogans used by the Post Office, without cds, can be found in Part II of this catalogue.

CHARTERED CITIES

THE CATALOGUE OF PHILIPPINE POSTAL SLOGANS UPDATED VERSION of 2016

is arranged in chronological order of earliest date seen, starting May 17, 1904. Dates of First Day Use as indicated are as per official records of the Bureau of Post. Those indicated with * are earliest dates seen, no official records available.

The numbers before the Postal Slogan Cancels are my own, **BPS**- (Becker Postal Slogan), but if known, Pablo Esperidions numbers are as well mentioned ES- (Esperidion), which are taken from the A.F.F. Yearbook of 1955 and the Philippine Journal of Philately, March-April 1959 edition. P- (Luff Catalog) nr's are also mentioned if known. The Nr. **after the bold BPS** number is refering to my first catalog, which was given out to some people free of charge. Please update it or better replace it with this new version!

All slogans are depicted in original size as used on the covers I have. Slogan cancels used in different Provinces, may have slightly different sizes, since they are mostly hand-made rubber-cachets. If more than one cachet was produced, it can be that there are differences in size.

The following abbreviations have been used to identify the different types of slogan cancels:

- DMC** - Doremus Machine Cancel
- AMC** - American Machine Cancel (Dial with year indicated at bottom)
- UMC** - Universal Machine Cancel (Dial with country indicated at bottom)
- BHC** - Boxed Handstamp Cancel
- FHC** - Fancy Handstamp Cancel
- SHC** - Straightlined Handstamp Cancel
- CHCC** - Circular Handstamp Combined Cancel
- BMC** - Boxed Machine Cancel
- FMC** - Fancy Machine Cancel
