PHILIPPINE POSTAGE STAMPS: — Wholesale only.

To American Stamp collectors!

On the 28th of December last the entire stock of *Filipino Postage Stamps* was sold at auction to the highest bidder for cash and the firm of *Ed. A. Keller and Co. of Manila* became the purchasers for the sum of \$ 50,300.

Owing to the very great prominence which these islands have attained the demand for these stamps promises to be vigorous and it is now possible for the first time to offer complete collections. Buyers are urged to make purchases as soon as possible, as of the better varieties only a few thousand are in existence and when these are exhausted the opportunity to obtain them at a reasonable figure will be lost forever.

We wish you to thoroughly understand that there are no other genuine stamps of these issues in existence in the *Hacienda Pública* as the entire lot in possession of the government passed into the hands of a single purchaser and can only be obtained from this source.

The undersigned has been appointed agent for the sale of these stamps and as a Special Bargain, offers a collection of 120 kinds of stamps and postal cards, say collections I.-VII., unused first class specimens **for only \$ 15.**

10 sets of 120 kinds each \$ **135.**
100 " " 120 " " " **1.200.**

This opportunity cannot be of long duration as the demand for first class specimens is certain to exhaust the supply within a very short time. The value of a set of these stamps according to

the Scott catalogue is about \$ **40** Gold, so that you may see what a bargain is offered!

Orders can be filled immediately and should be accompanied with cash or first class Manila reference.

No orders will be accepted for less than one set of stamps or 10 pieces of one kind respectively.

Inquiries must be accompanied with return postage.

On orders of \$ 2.000 and upwards, special terms will be made.

Remittances should be made by U. S. Postal Money orders or Bank draft.

The prices are in American currency!

We have among the stock purchased from the Government, a large number of damaged stamps, pale and soiled! These are offered at large reduction:

1000 pieces \$ 2.50

10000 » » 22.—

The catalogue value of these stamps is over twenty times the price at which they are offered.

Manila, January 1900.

Federico C. Schenkel.
