

Large Die Proof
Five Example Recorded

Only one plate was used to print the 6c.

The 6c. stamp was the only stamp in the series to be printed in sheets of 256, and cut into four panes of 64 stamps, each with a single plate number at either the top or bottom of the sheet.

The six centavos stamp paid the first class rate (1-20g) to the United States and possessions and the post card rate to foreign destinations from 1937-1941.

Manila to Jullundur City, India. First Class Rate to Foreign Destination, 21-40g
Nov. 25, 1939. Received Jullundur City, Dec. 13, 1939
