

## New Possessions Stationery Book

The United Postal Stationery Society (UPSS) recently released a new book *The Postal Stationery of the Possessions and Administrative Areas of the United States of America* (2009), edited by George T. Krieger. The 8 ½ by 11 book, with improved black and white photos and descriptions, updates *The Postal History of the Philippines Under United States of America Administration 1898-1946*, issued in 1983. The Associate Editor of the Philippines section was Craig Eggleston, who headed a team of Philippine collectors that included Elliot Coleman, Ray Coughlin, Doug Lehmann, Don Peterson, and Dr. Tommy Sim. IPPS thanks Craig Eggleston, the team members, and many others who assisted Craig in this significant effort. From UPSS, we get the following information on how to obtain the book:
